

IT'S SO IF IT'S IN THE LEDGER.

The Lewis Circuit Court will convene next Monday.

Mrs. Marcia D. Clarke, widow of the late Sep. D. Clarke, has qualified as its Administratrix, with W. W. Cook, surety.

Those pupils who failed to pass at the June examination, and who have made application for re-examination before the Board, will be examined Saturday at the High School building.

The Kottis Putnam Company next Tuesday evening will be the best high comedy attraction that has visited here in some time. They will appear in Miss Putnam's new play in four acts, by C. T. Duxbury, entitled "Love Finds a Way." This attraction opened the Winchester house under E. L. Kinneman's management, and the Winchester press says it was the best attraction ever there. The play is full of singing and dancing specialties.

TODAY'S GAME.

It Will Be a Hummer if the Boys Get Together—Yesterday's Game.

The game this afternoon will be called at 3 o'clock.

The game this afternoon promises to be a hotly contested one and brim full of interest.

The "fans" who have been howling for the Lexington team to play here are happy today.

Chard, Monfort and Deisel arrived this morning and will wear a Maysville uniform this afternoon.

There should not be a stay-at-home among the lovers of the game today. Go out and encourage the locals and let the management that you appreciate their efforts to secure for Maysville a first-class team.

The Lexington team, which includes such well known players as Chardon Wallace, Lou Brown, John Knorr, Garon and Shabel and a number of other good ones, arrived this morning and will play the home team at the Park this afternoon.

Last week, through the columns of THE LEADER, the Electricians challenged the Young Regulars for a game of ball. The Young Regulars accepted the challenge, and yesterday afternoon they went out to play the game. The Electricians were trying to beat a club that was entirely too fast for them, and at the end of the fifth inning, with the score standing 18 to 7 in favor of the Young Regulars, the Electricians tried to ring in a little negro fellow to play, but the other club wouldn't have it and threw up the game. Some of the boys swore so loud and long that they forgot school commenced Monday.

Mr. J. W. Fman of the firm of Fman Bros. of Chicago visited his sister, Mrs. J. H. Rowland, and transacted business in this city yesterday.

Mrs. John D. Bruer and C. C. Calhoun are taking in the Lexington Fair.

Mr. George L. Cox and family are at Charlottesville, Va. They will be home Friday morning.

Mr. and Mrs. John Daley and their niece, Miss Ada Lee Sausley, returned last evening from Cincinnati.

Mr. W. N. Beachman and wife will leave Friday for a visit to Cleveland, Sandusky and other Northern Ohio cities.

Mrs. Sallie Ricketts and daughter, Miss Minnie, after a sojourn of several weeks with her son Charles at St. Louis, have returned home.

Mr. J. W. Fman of the firm of Fman Bros. of Chicago visited his sister, Mrs. J. H. Rowland, and transacted business in this city yesterday.

Mr. and Mrs. Simon Russell and daughter, Miss Emma, of Burlington, Iowa, arrived yesterday on a visit to Colonel M. C. Russell and family.

Mr. Walter B. Plister went yesterday morning to Sharpsburg to visit the family of Thomas H. Wood, Esq., and to visit his old namesake, Walter Sharp Wood.

Miss Anna Mary Brown, who has been spending the past few weeks with relatives and friends at Flemingsburg and Wedona very pleasantly, has returned home.

WEEKLY REPORT.

The Condition of Kentucky's Crops Up to Tuesday.

The long and severe drought was broken in nearly all parts of the state by the general heavy rain which fell during the latter part of the week. A few correspondents say that rain is still needed in their section, but the general reports from over one hundred correspondents shows that sufficient rainfall has been received to effectually check the drought and to give renewed life to the suffering crops.

The temperature has ranged from four to eight degrees per day above the normal, while about the usual amount of sunshine was received. No storms of unusual severity were reported as having occurred during the week, but a report received late from the correspondent at Travelers Rest, Owsley county, details a hail storm on the 18th, which said to have utterly destroyed the crops in its path about a mile wide and from seven to ten miles long.

Late corn, tobacco, the grapes and gardens are improving rapidly under the highly favorable weather conditions that have existed since the rain, and one correspondent expresses it "The farmers feel as if good times are coming again." However, many say that the early crops of corn and tobacco are too dry and have been and have been too seriously damaged by the drought to greatly change the outlook for the yield from these early fields and that nothing like a full yield will be had. A large part of the crop, both corn and tobacco, in the sections so long subject to the drought has dried so badly as to be beyond hope of recovery. Still, as was said, the prospects are now vastly more encouraging than at the time of our last bulletin.

Tobacco and hemp cutting is progressing and much will be harvested during the coming week. Very little fall plowing has been done, the soil being too dry.

It is said that a very large crop of turnips has been planted. Clover seed is not turning out well nor is the late potato crop. A fair crop of watermelons has been raised. Grapes are said to be a small crop but of good quality. The weather outlook for the state during the next fortnight seems to be fair weather and growing warmer under the influence of a storm center in the Northwest.

The Frankfort Capital, which is smaller than THE LEADER and contains much less reading matter, has advanced its subscription price to 75 cents a month. Now, don't you think THE LEADER is too cheap at 25 cents.

THE INCOME TAX!

Something About the Old Tax, and the New One.

The new conglomerate creation of the Democratic Administration, the Free-Trade-Bill reform-for-revenue only—Wilson-Bill Gorman-Brice-a riddle—goes back to wartime emergencies and enacts an income tax measure.

The new law imposes a tax of 3% on all incomes in excess of \$4,000 a year—a feature that will not cause unrest on the part of the average Republican Editor at all events.

In spite of the new order of things THE LEADER reviews former legislation of this sort.

The first income tax was passed by Congress July 1st, 1862, and took effect in the year 1863. It taxed all incomes over \$800 and under \$10,000 at a rate of three per cent, and on all over \$10,000 it levied a tax of five per cent. Owing to the late time of its taking effect, it brought into the Treasury but a small sum prior to the year 1864, when there was collected under the law of income tax a little over \$100,000. By the act of March 3rd, 1865, the income tax law was amended so as to increase the three per cent. tax to five per cent. and the five per cent. tax on incomes over \$10,000 was reduced to ten per cent. tax upon the excess over \$5,000 income, the exemption of \$800 remaining the same. The most of the tax for the year 1865, however, was collected under a former law, and brought into the Treasury not less a sum than \$2,000,000 for the fiscal year 1864-65.

The following year, 1865-66, the war having ceased, and the country being in a high state of development in all its resources, the income tax rose to a point the highest ever reached in the history of the tax. The returns for the fiscal year ending June 30th, 1866, showed a total revenue from the income tax of \$60,547,882.43. This was but little diminished in the following year, 1866-67, when the net revenue from the income tax footed up \$57,040,640.67.

The year 1867-68 was further amended March 23, 1867, so as to increase the exemption, then standing at \$800, up to \$1,000. At the same time all discrimination as to the taxing of large incomes a higher rate was abolished, and the tax fixed at five per cent. on all incomes in excess of \$1,000. The act also contained the limitation or proviso that the taxes on incomes should be levied and collected until, and including, the year 1870, and no longer. Under this modified tax there was collected for the year 1868-69 the large sum of \$32,027,610.74; in 1869, \$25,025,068.80; and in the fiscal year ending June 30th, 1870, \$27,115,046.11.

Then arose an agitation against the continuance of the tax, and in July, 1870, it was renewed for one year only, the rate being reduced to 2 1/2 per cent. and the exemption increased to \$2,000.

In January, 1871, the repeal of the tax passed the Senate by a vote of 20 to 25, and on the 3rd of March the House concurred.

The last taxes levied under the law were paid in 1871.

In 1860, when the tax was 5 per cent. on all incomes in excess of \$1,000, the

Under the new "war tax" measure it is barely possible that three or four persons may be found in Mason county who are prosperous enough to be affected. It is estimated that at least 75 per cent. of all entire tax will be paid by New York alone.

The Hopkinsville Kentuckian seems to think that coming events cast their shadow before. It says: "Montgomery's official majority in the Fourth was 2,137, but those 6,000 votes cast against Alex. serve as a note of warning that his district is getting ready for a change."

Labor Day Excursion to Cincinnati. On Monday, September 4th, the Chesapeake and Ohio Railway will sell round-trip tickets to Cincinnati at one fare for the round trip, good returning until September 4th, account of Labor Day celebration, which will be celebrated by a number of the different labor organizations, besides giving every one a chance to visit the Zoo, theaters and other amusements in Cincinnati.

GROVER CLEVELAND, in a speech delivered in New York January 20th, 1890, declared "ours is not a destructive party."

In another speech, on September 26th, 1892, he asserted in his usual dogmatic style that "Tariff reform" could be accomplished "without disaster or demolition."

Let us see how these statements tally with the facts. It is two years since GROVER CLEVELAND made them, says The Irish World and American Industrial Liberator, and already the country has learned by bitter experience that the political organization for which he spoke is "a destructive party, and that the economical principles it expresses cannot be carried out "without disaster or demolition."

The record speaks for itself. The bank clearings for 1893, which indicate the volume of business, fell off to the extent of ten billion dollars, as compared with those of 1892. Seventy-five railroad systems, representing one-sixth of the railroad mileage of the country, went into the hands of receivers in the first year of the Cleveland Administration. The gross receipts of 121 railroad systems declined more than eight million dollars, or 14 per cent. Five hundred and ninety-eight banks were compelled to close their doors. The number of business failures advanced to 16,650, an increase of 50 per cent. in one year. For six years preceding the second inauguration of CLEVELAND the aggregate liabilities in all failures did not rise much above \$300,000,000. In 1893 they exceeded \$321,000,000.

We do not know what meaning GROVER CLEVELAND attaches to the words, "destruction," "disaster" and "demolition."

In the figures we have given an ordinary person will see evidence in abundance of widespread disaster directly traceable to the triumph of the economical policy with which CLEVELAND's name is identified. Let us supplement these figures by others which still further emphasize the fact that the first year of the present Administration has been one of "disaster" and "demolition." During that year the sales of textile goods fell off from \$70,347,882 to \$48,893,875, a decrease of 30 per cent. The following is the percentage of decrease of sales in other industries: Iron, 38 per cent; furniture, 26 per cent; shoes, 18 per cent; hats, 191 per cent; hardware, 19 per cent. This decrease, of course, means the loss of employment to thousands. Take, for instance, the Woolen Industry. Twelve months after the Presidential campaign of the Free-trade party had declared that "Tariff reform" would not affect injuriously the business of the

country, one-half the woolen mills in the land were shut, and those in operation were running on half-time.

Such are some of the fruits of the first twelve months of Clevelandism. What other disasters are in store for the country no one can tell. Never was the outlook gloomier than at the present moment. As we write, the greatest strike of our day and generation is on. The immediate cause of it is the greed of a millionaire who has made the hard time an excuse for cutting down wages, which, it will be noted in passing, did not advance during the flush times when the millionaire was piling up millions. Indirectly, however, the policy espoused by CLEVELAND and his party must be held responsible for the species of civil war that has prevailed for several days in Illinois and some other states. FULLMAN, with all his love of money, would never have thought of making a cut in wages if the prostrate condition of business had not furnished him an excuse for so doing. The loss of life, as well as the destruction of property, resulting from the strike must then be added to the sum total of the price the country has had to pay for CLEVELAND's success in 1892.

President, Senators and Representatives Leave.

Secretary Carlisle Will Have His Hands Full for Some Time.

Numerous Requests for Rulings on Various Provisions of the New Tariff Bill—It is Thought Carlisle's Decision on the Admission of Goods is Wrong.

WASHINGTON, Aug. 30.—With the capitol deserted by congress, and with the president on his way to Buzzard's Bay, visiting Pythians are deprived of the chief features of the show at Washington. Knights and their families went through the halls of the senate and house looking in vain for the statesmen but not more than a half dozen members were visible. These had called for the purpose of giving directions as to where their mail should be sent during the recess.

President Cleveland took with him a bad case of gout, as he limped perceptibly in walking from his carriage to the train. The crowds in the depot did not recognize the chief magistrate or Secretary Lamont, who was with him, so there was no demonstration whatever.

Secretary Carlisle will have his hands full for at least a month interpreting various provisions of the new tariff bill. So numerous are the inquiries for rulings that no attempt will be made by the customs division of the treasury department of doubtful schedules, and circulars will be issued from time to time constraining the law.

Receipts from customs will be heavy for a time from withdrawing the goods in bond, but the internal revenue figures must soon show a large decrease owing to the additional tax on whisky not withdrawn before the tariff act went into effect.

Old officials familiar with treasury figures are seriously concerned over the prospects of a deficiency. They argue that, with the tremendous stock of sugar brought in free during the long period of delay in the enactment of the Gorman tariff bill, no revenue from sugar can be expected for at least three months, except on such cargoes as have been delayed in transit. The same is true as to whisky, and it is felt that a serious blunder has been committed by the secretary of the treasury in declaring that wool in warehouses can be withdrawn free of duty. This decision means a present to the owners of wool in bond of nearly \$7,000,000 which the government needs sorely at this time, and will be still more sorely of hereafter.

It is said by customs experts, who would not dare to be quoted in criticism of their superiors, that there is no provision in the new tariff bill for the free admission of wool entered prior to the enactment to the present law, but as the benefits all go to the importer of the wool, the government is not believed that the legality of ruling will be tested in courts.

Games Played Wednesday.

Washington, Aug. 30.—There was another wholesale chopping of heads at the government printing office Wednesday. Between 400 and 500 people lost their places. A fair proportion of those dismissed were from Ohio. Among the latter were Miss Nellie Shipman, C. G. Morrison and L. A. Wisner. The latter is the son of the mayor of Wapakoneta. A large number of those dismissed had democratic endorsements on file.

SOUTH SIOUX CITY, Neb., Aug. 30.—The Missouri river is on another of its old-time rampages on the northern limits of South Sioux City. It has been cutting for several days, but for the last two it has been cutting at an alarming pace, and the housewives have to work day and night to prevent the houses going into the river.

Another Victim Admired.

ST. LOUIS, Mo., Aug. 30.—Paul McBride, son of James McBride, a noted criminal lawyer, Wednesday night stabbed Frank Reha, janitor of the Central district police station. Reha was attending to his duties when young McBride attacked him and cut him in the left breast seriously. McBride has killed one man, but was acquitted on proving self-defense. He has also cut six other people, one of them a woman.

PADUCAH, Ky., Aug. 30.—An offer came to the city Wednesday to procure bloodhounds to trail the murderers of William May, a well-known railroad contractor, who was assassinated Tuesday night by persons whose names are unknown, near Simpsie, Ill., not far from the Mississippi river. Two men passed through that way early in the night are suspected of the crime.

HOWARD EXAMINED.

The Santa Fe's Loss By the Strike—Thursday May Close the Investigation at Chicago.

CHICAGO, Aug. 30.—The National Labor commission expects to complete its work by the end of this week. Thursday witnesses for the A. R. U. will appear in rebuttal, and the sitting of the commission may come to an end at that date. It is possible, however, that it may last one or two days longer.

Chairman Wright said Wednesday morning that the commission had not yet discussed the evidence with a view to forming an idea of what its recommendations would be. The report will be made directly to the president, and will probably be made up before the commissioners leave Chicago.

The principal business of the commission Wednesday morning was the examination of twenty-three witnesses, most of whom testified that at the meeting at Blue Island at which the Rock Island men decided to strike, Vice President Howard counseled violence and used profane language. The gist of the testimony was that about one-half of the men who had voted to strike were railroad men. Besides this, many of the railroad men present were opposed to the strike.

Robt. G. Walsh, assistant to the first vice president of the Santa Fe road, was the first witness called Wednesday morning. He testified that he had represented was loser, as closely as he could figure, \$500,000 by the recent strike. The strike had never been declared off by the Santa Fe road, but the road is running without interruption to traffic.

BIG DELINQUENCY.

Failure to Collect Taxes at Memphis Placed at \$5,000,000.

MEMPHIS, Tenn., Aug. 30.—State Controller James Harris arrived in Memphis Wednesday with a force of deputies, who will Thursday be put to work on the books of the city and county to get at the shortage resulting from the failure to make collection of privilege taxes for a period of ten years. The aggregate of which is now believed to reach \$5,000,000, the grand jury having already shown where there is a delinquency of nearly \$2,000,000 from liquidators alone. The controller announced also that if the facts warrant he will proceed to collect all delinquencies not barred by limitation, which covers six years. In cases where he can not recover in that way he will proceed against County Court Clerk J. J. Baker.

NICARAGUA IS RASH.

That Government Counting Trouble With England and America.

MANAGUA, Nicaragua, Aug. 30.—The government of Nicaragua has decided to banish the Bluefield Hat and nine others of the Bluefield prisoners. Messrs. Lampton and Wilkman, American citizens, will also be banished. The edict was issued Tuesday morning. Patterson, Ingram, Taylor and Brownrigg will be kept as state prisoners.

U. S. Minister Baker entered a protest on behalf of the American prisoners, on the ground that it is contrary to treaty and to the constitution and laws of Nicaragua, that these men should be sentenced without trial and without being allowed to make defense. The report is that the government feels disposed to ask for Minister Baker's recall.

ANNEXATION TO MEXICO.

That Is the Idea That Has Just Struck Chief Clarence.

CITY OF MEXICO, Aug. 30.—It is reported here that Chief Clarence, of the Mosquito reservation, who is now in Kingston, Jamaica, will shortly propose to Mexico for protection for himself and his allies in Nicaragua. The plans of the Indian chief are kept very close, but it is thought he may make a bid to annex the Mosquito reservation to the Mexican government to annex his country, thus putting an end to Central American troubles. The proposition for Mexico to annex all these Mosquitoes, who have been often broached in the past, and has aroused much opposition from England and other nations.

He has also cut six other people, one of them a woman.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhoea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." Twenty-five and 50 cent bottles for sale by Theo. C. Power, Drugist.

Mr. Thomas Bates, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." Twenty-five and 50 cent bottles for sale by Theo. C.
